How to take a Room Image

Choose the areas of your home you would like to hang your portraits. Feel free to send as many as you'd like. (We use a 8.5x11 sheet of paper so you don't have to measure!)

1. Tape a standard piece of paper to the wall

2. Snap a photo of each space

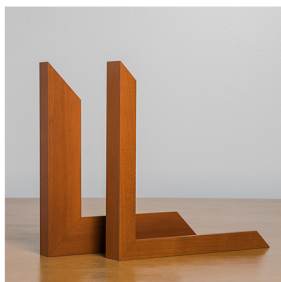

3. Send them to us

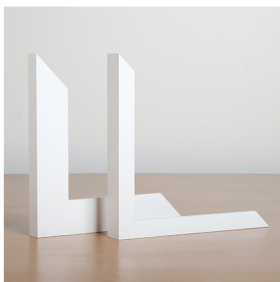

NOTE: Back up far enough to include furniture and other room elements that will give a sense of scale to the final image. Make sure to take the image straight on to the wall and not at an angle, this provides the most accurate visualization in our software.

Painted Portrait

*One of a kind painted artwork... because,
You are a work of art.*

Your custom painted portrait is museum quality artwork. It is digitally painted before sending off to the canvas crafter. It is then printed on artist quality canvas and sent back to us. Once it arrives, it is then painted over the top of the print by Tiffany Kells. This last step is what gives it the look and feel of a painting. This portrait is truly a one of a kind art piece for your home.

Your custom painted portrait will last for generations and will instantly become a cherished family heirloom.

Heirloom Art Canvas

Choose between a framed canvas or a gallery wrapped canvas, either way, you won't be disappointed.

This canvas will last for generations and will instantly become a cherished family heirloom. Canvas art comes in a variety of sizes from 18" on the long side to 100".

Client Testimonials

"Working with Tiffany was the best decision we made... She's down to earth, humorous, creative, and makes you feel good, and excited about getting photos done when taking photos that might be difficult for someone. You won't be disappointed with her."

- Angie

"She didn't just hit a home run, she hit it out of the park!" - Steve

"Tiffany was awesome to work with from start to finish! She's organized and a great communicator. She had plenty of helpful tips and ideas to make the shoot run smoothly. She was passionate and energetic and could tell she cared about creating memories and telling the full story of our family and relationship versus simply taking maternity photos. I contemplated back and forth on whether or not I wanted maternity photos as some seem awkward or forced, but Tiffany's work was beautiful and captured more than we could have ever imagined!"

- Kelsey
